Oak Valley Vegetables is a small organic vegetable farm located just a few miles south of Morden Manitoba. Open hours - Whenever the sun's shining!

Who we partner with

Oak Valley Vegetables

OAKVALLEYFARMS@GMAIL.COM

OWNERS (Dennis and Gloria Hoepfner and Family)

The farm began in 2010 with only 2 acres and has since expanded to 12 acres with continued growth in the plans.

The farm is owned and operated by Dennis and Gloria Hoepfner along with their 2 sons. They also employ a number of staff throughout the summer months.

The Hoepfners recognize that the soil is full of life; thousands, if not millions, of organisms - from small bugs and insects to bacteria and fungi - live in the soil. The activity of these organisms creates strong, healthy soil that nourishes and grows their flavourful and nutritious crops. The family uses farming practices that compliment and work with the soil's life.

Meet our Crew

And try their food

Hi! My name is Erica Reimer. I started my Culinary journey at Red River College in 2009. Since then I have enjoyed working at a few different restaurants along the way, but have been residing with Diversity since 2014.

I started as a line cook and was soon promoted to Sous Chef and then Chef Du Cuisine. Currently I am the chef at our Elements location on campus at UWinnipeg. Working on campus isn't like working in any other restaurant and I think that's what I love so much about being here. There are real opportunities here for worldliness and growth and I'm looking forward to it!

My feature special is a Beef Stroganoff. I chose it because it is so versatile and can be enjoyed with mashed potatoes, rice, or any pasta of your choice!

(NOTE: does not come with potato or pasta.)

You can buy our feature from us through our online grocery store at www.diversityfoodservices.com."

Part of our vision at diversity food services is being inclusive with all of our staff, so we thought you should get to know them!!!

We foster a positive, dynamic work environment that values the skills of each employee.

Thank you Winnipeg keeping us busy during the pandemic.
